

# working with schools

## Come and experience Severn Trent Water Education Centres

Severn Trent Water has a network of fully equipped education centres across the region. These centres offer a full day of activities for a visiting group at no cost to the school. The centres are staffed by fully qualified teachers, seconded from the Local Education Authority, and the activities are all directly related to the National Curriculum.

Pupils from all key stages are welcome, although some sites are limited to Year 3 and above. Visiting teachers are advised to organise an on site pre-visit with the centre teacher to design a programme that suits the needs of the visiting group.

At the end of each visit, the group will receive a pack which includes support for follow up activities in the classroom or at home.

“A valuable educational experience”

“I would thoroughly recommend the day to anyone!”

“Real science”

## education centres

Contact the centre teacher to book an exciting, interactive, cross-curricular experience designed to meet the needs of your group.

## web based resources

A range of exciting teaching ideas and resources are available on our education website. These are regularly updated, so check [www.stwater.co.uk/learning](http://www.stwater.co.uk/learning) to find out more.

# be smart award

Interested in adding a new dimension to your water topic and gaining a prestigious award for your school? Then 'Be Smart' is for you.

The Be Smart Award recognises schools that demonstrate a commitment to the wise use of water throughout the school community.

To achieve the award, a lead group of children need to:

- Audit the school's water use
- Promote water conservation
- Promote the positive health benefits of drinking water
- Promote greater understanding of water issues locally and globally

A Severn Trent Water mentor is allocated to each registered school to support the school.

For more details and a registration form email [besmart@severntrent.co.uk](mailto:besmart@severntrent.co.uk) or contact us on **0121 722 4340**.
