

# FALLEN LEAF & PETAL ART

## Fallen leaves and petals can make great art!

Find some in your garden or on a walk outdoors and turn them into something amazing! Why not make something you might see in the garden like a butterfly, your favourite flower or a bumble bee?

### What you will need:

- Fallen leaves and petals of different shapes and colours
- Thin sticks or twigs if you need them for creating thin shapes like flower stems or a butterfly's body
- Paper
- Scissors (*get an adult to help with cutting out*)
- Glue - PVA or pritt stick
