

MATCH THE FOOTPRINT

Match the name of the animal to their footprint.
Don't forget to read the clues to help you!

OTTER

FOX

DEER

HEDGEHOG

BADGER

Clue: This animal has webbed feet to help it swim

Clue: This animal is known for its distinctive prickly spines

Clue: This animal is similar to a dog in shape and size

Clue: This animal has big feet to help it dig

Clue: This animal sometimes has antlers

Fun fact: In most Deer species, it's only the males that have antlers, this is how you can tell male and female Deers apart.
