

NAME THE TREE PARTS

Match the below words up to the right part on the tree.

LEAVES BRANCH ROOTS TRUNK
CROWN FRUIT

Fun facts: Trees are amazing, they give us oxygen to breathe, help us to reduce pollution and are homes to lots of wildlife. Not only are they essential for life, they're also the longest living species on earth!

When trees are planted in the right place, they also improve the water quality of rivers and help to reduce flooding too! That's why we're working with tree experts such as the Woodland Trust to plant 1.3m trees by 2030 across the Severn Trent region.

Answers: 1. crown, 2. branch, 3. roots, 4. trunk, 5. leaf, 6. fruit
